Institute of Art®

Creativity has real-world value.

At The Art Institutes schools, our goal is to prepare our students for fulfilling careers, doing what they love. In each of our hands-on education programs, everything we teach is grounded in the real world they'll be entering as they start their careers. And as they enter the job market to pursue their passion, they take with them the portfolio, interviewing and networking skills, and industry insights they need to get in front of employers.

And we have the numbers to prove it.
