This chart shows average starting salaries for graduates from The Art Institute of Raleigh–Durham, during the period of January 1, 2010 through December 31, 2010. This data relates to graduates available for employment who were working in a field related to their program of study, within six months of graduation, that have met our employment and verification requirements.

This data is provided for informational purposes only. For more information regarding our programs and those of our main school and its branches, including the graduation rate for each program, the median debt of students who completed each program, and other important information, please click on the "Gainful Employment Data" link available by clicking on "Student Consumer Information" on our school website or go to aiprogams.info/aird.

The employment data included with the Gainful Employment Data is computed in accordance with standards established by ACICS, our institutional accrediting agency. The ACICS calculation of graduate employment is different from our calculation because it is for a different time period and it includes certain graduates who we exclude from our calculation.
