1. Not including credit hour tuition increases that may occur throughout the duration of the program.
2. The application and administrative fees are paid by new and transfer students only.
3. Paid by graduating students only.
4. The digital resource fee includes the cost of the digital textbook as well as other digital resources which are integrated into the course and vary by program. The fee includes all applicable taxes. This estimated fee assumes all courses require a digital resource; however currently not all courses use digital resources. Courses that include digital resources will be noted in the registration material and the fee will be charged automatically in addition to tuition. If a course does not use digital resources, the student remains responsible for purchasing the required text and materials. The digital resource fee is \$50 per course.
5. Based on current credit hour rate. Total cost will increase with each per credit hour tuition increase. Transitional Studies may be required where students show deficiencies in basic math and English skills. Therefore, students may be required to take additional coursework to raise their subject knowledge to the required level. Tuition for this coursework is charged at the usual per credit rate and is in addition to the total cost of the program.
