CUSTOMER SERVICE & QUALITY

The Print Center takes pride in helping our fellow students with any technical difficulties, and strive to get your print done right the first time. We are students too, so we understand the frustration and stress of technical problems that may arise when a project is due. The Print Center offers you competitive pricing on laser and large format printing in relation to Kinkos and Office Depot. Plus, the Print Center is the only one of the three that offers professional quality inkjet printing using EPSON K3 Ultrachome inks. These inks are completely archival and lightfast. The Print Center also maintains our equipment every quarter so all monitors and printers are calibrated to ensure the finest quality print for you.
