- The application fee and enrollment fee are paid by new, transfer and international students only.
- The student activity fee is used to fund the administration and function of extracurricular student activities. It is a one-time fee paid upon enrollment. The lab fee will be regarded as tuition for purposes of determining refunds.
- The graduation fee will be charged to all students entering their last quarter of study.
- The digital resource fee is \$50.00 per course and includes the cost of the digital textbook as well as other digital resources which are integrated into the course and vary by program. The fee includes all applicable taxes. This estimated fee assumes all courses require a digital resource; however currently not all courses use digital resources. Courses that include digital resources will be noted in the registration material and the fee will be charged automatically in addition to tuition. If a course does not use digital resources, the student remains responsible for purchasing the required text and materials. The digital resource fee is \$50 per course.
- The total cost will increase with each per credit hour tuition increase.

The student is responsible for tuition and fees pertaining to the program’s required course of study. The tuition and fees contained in this Enrollment Agreement are subject to change. The per credit hour rate is subject to an increase at least once per calendar year which will increase the total amount for the program. The adjustment to the per credit hour rate may occur before the student begins classes and the student’s program will be calculated using the new rate. Any changes to tuition and fees will be published to students.
