I. Campus Address Updates

In the interest of continually improving the level of service to our valued students, The Art Institute of New York City is consolidating all administrative and academic services to a single location. Upon the planned completion in September, the Beach Street building will serve as the single, centralized location for all school resources, classes, and related support services.

Effective September 15th, 2009, the only address applicable will be as follows:

The Art Institute of New York City
11-17 Beach Street
New York, NY 10013

800-654-2433

To support the improvements and consolidation plan, additional space is being added at the Beach Street location. Below please note the list of planned floor use at the time of this addendum release:

First floor

Reception
Admissions
Gallery
Bookstore
Copy Center (Faculty Only)

Second Floor

Sewing Labs
Gerber Lab
TV Studio
A/V Cage
Editing Lab

Third Floor

Registrar
Executive Committee
Financial Aid
Accounting
Mailroom
Staff/Faculty Lounge
Career Services
Academic Affairs
President's Office

Fifth Floor

Student Lounge
Computer Labs
Sewing Labs
Classrooms
Academic Advisement

Sixth Floor

Computer Labs
IT Department
Classrooms
Security Office
Admissions

Seventh Floor

Classrooms
Life Drawing Studio
Student Lounge

Catalog Addendum

II. Degree Updates and Additions, Tuition and Fees

An application fee of \$50.00 is to be submitted with the Application for Admission. An enrollment fee of \$100.00 is due within ten (10) days after you have signed the Enrollment Agreement. Students applying online must submit the application fee and enrollment fee simultaneously. Tuition and fees for a new student are due on or before the student's first day of class if not incorporated in a financial plan. Continuing students must make arrangements for the payment of tuition and fees prior to the student's first day of class.

Tuition and fees for the 2009 through 2010 academic years are listed on the Enrollment Agreement and on the following page. Books are included in the tuition cost. Please inquire at the bookstore for details on bookstore policy and procedure guidelines. The student is responsible for tuition and fees pertaining to the program's required course of study. The tuition and fees contained in this Enrollment Agreement are subject to change. The per credit hour rate is subject to an increase at least once per calendar year which will increase the total amount for the program. The adjustment to per credit hour rate may occur before the student begins classes and the student's program will be calculated using the new rate. Any changes to tuition and fees will be published to students.

Students are responsible for payment of tuition and fees according to the schedule listed on the enrollment agreement. Tuition and fees are charged quarterly. The student is never obligated for any charges beyond the quarter in which the student is attending. Tuition and fees may increase annually.

The tuition fees listed do not include the cost of remedial courses that may be required of some students. The Catalog section entitled "Remedial Requirements" describes the criteria required of entering students. If a student's overall entrance evaluations, including scores on placement tests, indicate the need for reading, writing, and/or mathematics remediation, the student will enroll in the courses prior to the credit bearing writing and mathematics courses. Students not meeting the placement requirements will be required to enroll in one or more of the following noncredit remediation courses:

GE011 Basic Writing for College Students
GE012 Basic Reading for College Students
GE013 Basic Mathematics for College Students

Remediation courses do not apply toward meeting the program's degree or certificate requirements.

updated 09/30/2009

PLEASE SEE THE FOLLOWING PAGES IN THIS SECTION FOR THE TABLE LEGEND AND NEW DEGREE DESCRIPTIONS WITH COURSE CURRICULUM TABLES.

Catalog Addendum

TABLE LEGEND

DEGREE: (A.O.S.): Associate of Occupational Studies, (A.A.S.): Associate of Applied Science

COST PER CREDIT: Current cost per credit including books, but not including any future credit hour tuition increases.

PROGRAM LENGTH: Assumes 15 (to 18) credit hours per quarter for full time programs.

TUITION (and FEES) PER QUARTER: Tuition and fees effective, but not including future credit hour per term (15 to 18 assumed) tuition increases, fee changes, or program length changes.

APPLICATION FEE: Refundable only within six days of payment. If not refunded and prospective student does not enroll within six days, the fee is valid for up to one year.

ENROLLMENT FEE: One time fee that is non-refundable unless conditions in the Admissions Deadline Agreement are met and the student withdraws under specific conditions defined in the agreement.

LAB FEE: Quarterly charge for additional printing, technology program requirements, and general lab use.

ACTIVITY FEE: One time fee to cover the cost of student activities throughout the course of enrollment.

EST. PRICE FOR REQUIRED STARTING KIT: The starting kit consists of the basic equipment and materials needed for commencement of each program. A starting kit component list is provided to each enrolled student. Kit prices are calculated to include current tax rate at the time of this printing and are subject to change. Additional monthly estimated average cost of consumable supplies and equipment by program are as follows: 1) Fashion Design and Interior Design, \$200, and 2) Video Production/Digital Film, Graphic Design, Web Design & Interactive Media, \$150

TOTAL TO ENTER: Sum of all 1st quarter tuition, fees, and kits, excluding housing costs.

TOTAL TUITION AND FEES: Tuition and fees are charged, per credit, by the charge period only. The student is not obligated for charges beyond the charge period the student is attending. Does not include college preparatory classes if required (\$1,527 per course to September 30, 2008 and \$1,590 per course after October 1, 2008; 0-3 courses may be required, based upon placement scores, SAT scores, or previous college credit.) Excludes housing costs.

APPLICATION PROCESS

An application fee of \$50.00 is to be submitted with the Application for Admission, and an enrollment fee of \$100.00 is due within ten (10) days after signing the Enrollment Agreement. Fees are non-fundable except as noted above and in the refund policy section of the Enrollment Agreement. In order to qualify for admission toward a degree, applicants must possess a high school diploma or its equivalent (G.E.D., i.e. General Educational Development certificate.) To apply for admission, prospective students must have a personal interview with an admissions representative and complete a writing assessment.

Tuition (and fees) for the first charge period for new students is due prior to entry, and tuition (and fees) for each succeeding charge period is due approximately two (2) weeks prior to the end of each academic charge period (unless students have made arrangements for an approved alternative payment plan.) The applicant understands responsibility for tuition and fees pertaining to the program's required course of study. An increase in per credit hour rate can be expected at least once per year, which will increase the total amount for the program. The adjustment to per credit hour rate may occur before the student begins classes and the student's program will be calculated using the new rate. The tuition and fees contained in the Enrollment Agreement are subject to change. Any changes to tuition and fees that occur will be made available to the students at the time of the change.

Catalog Addendum

Associate of Applied Science in Graphic Design

Students completing the Graphic Design AAS Program will have acquired the technical knowledge and the creative skills necessary for an entry-level position in the graphic design field. The course of studies reflects the approaches, methodologies, and evolving technologies of print and Web design, while preparing students for productive contributions to the graphic design industries of New York City. As students move through the curriculum, they are exposed to two-dimensional design and typographic design graphic and graphic identity strategies. Students gain familiarity with professional software and develop design research and method skills. During the latter portion of the program, students concentrate on assembling and editing a portfolio, and gain direct experience in professional practice through their internship.

The liberal arts and science component will provide understanding of social and behavioral sciences, natural sciences, humanities and math. The emphasis is placed on people skills, critical thinking and problem solving to prepare qualified and productive employees for today's industries.

Students graduating from this program are prepared to work in entry-level positions as production artists, designers, assistant art directors, production coordinators and digital artists at design studios, publishing houses, in-house corporate design departments, and in design studios for printers.

Associate of Applied Science in Fashion Design

The Fashion Design program at The Art Institute of New York City provides students with a strong foundation of industry standard professional skills and technical knowledge necessary for success in the ever evolving world of fashion. Students are exposed to and encouraged to integrate and implement both the creative and business aspects of the industry into their design decisions. Through the program, Fashion Design students will gain and apply knowledge in a practical environment with the guidance of faculty and industry professionals. Students will achieve competencies and develop skills in basic to advanced designing, sketching, sewing, flat-pattern drafting, draping, computer-aided designing, and creating professional portfolios. Upon graduating from the program, students are prepared to work in entry-level positions as design assistants, production assistants, assistant grader, private label assistant designer, assistant stylist, assistant technical designer, trim coordinator and sourcing coordinator.

III. Student Right To Know

Institutions are required to inform all current and prospective students by defining the Student Right-to-Know Act Graduation/Completion rates and notifying them where that information is available.

According to regulations published by the Department of Education based on the Student Right-to-Know Act, the graduation/completion rates for first-time, full-time students who entered school and graduated/completed within 150% of the normal time to complete the program, as published in the catalog and/or the addendum must be made available to current and prospective students. You may obtain this information in the Admissions Office at any time.

The current rates as recorded at the time of this printing are available for review below as follows:

In accordance with regulations published by the Department of Education based on the Student Right-to-Know Act, the graduation/completion rate for first-time, full-time students at The Art Institute of New York City who entered school in 2005 and who graduated/completed within 150% of the normal time to complete the program is 42%.

Registered students may also review Student Right-to-Know Act information and updates at their website:
<https://mycampus.artinstitutes.edu/>

As detailed in the section above, information on graduation/completion rates for first-time, full-time students is available through (1) the Admissions Office, (2) the published catalog and/or addendum, and (3) the registered student Art Institutes web site.

Please note that the rates reflected in these sources are calculated according to guidelines in the “Student-Right-To-Know” Act.

If you have any questions, please feel free to call 800-654-2433 and ask to speak to the Admissions Department.
