\*Based on current credit hour rate. Total cost will increase with each per credit hour tuition increase.

<sup>1</sup>Tuition and fees effective October 1, 2010, based on a rate of \$495.00 per credit hour.

<sup>2</sup>The enrollment fee is due upon matriculation.

<sup>3</sup>Kit prices are subject to change.

<sup>4</sup>The digital resource fee includes the cost of the digital textbook as well as other digital resources which are integrated into the course and vary by program. The digital resource fee is \$50 per course and includes all applicable taxes. This estimated fee assumes all courses require a digital resource; however, currently not all courses use digital resources. Courses that include a digital

resource will be noted in the registration material and the fee will be charged automatically in addition to tuition. If a course does not currently use digital resources, the student remains responsible for purchasing the required text(s) and materials.

<sup>5</sup>Lab fees are paid on a quarterly basis.

<sup>6</sup>The student activity fee is used to fund the administration and function of extracurricular student activities. It is a one-time fee paid upon enrollment.

<sup>7</sup>The total cost will increase with each per credit hour tuition increase.

## ADDITIONAL INFORMATION

Each school quarter is eleven (11) weeks. An **application fee** of \$50.00 is to be submitted with the Application for Admission. An **enrollment fee** of \$100.00 is due within ten (10) days after you have signed the Enrollment Agreement.

The student is responsible for tuition and fees pertaining to the program's required course of study. The student can expect an increase in the per credit hour rate at least once per year, which will increase the total amount for the program. The tuition and fees contained in this Enrollment Agreement are subject to change. Any changes to tuition and fees will be published to students as they are made.

The **starting kit**, which is optional, consists of the basic equipment, texts and materials required for beginning each program. Photography students will require a digital camera, the cost of which is included in the supply kit fee. Digital Filmmaking & Video Production students must have access to a video camera. Audio Production, Digital Filmmaking & Video Production, Photography, and Visual Effects & Motion Graphics students will need to acquire, by the end of their first year of study, a portable storage medium such as a firewire drive. A list of the components of the starting kit is provided to each enrolled student. In addition to the starting kit, the average costs of consumable supplies, textbooks, and equipment by program are as follows:

Program	Monthly Supplies
Advertising .....	\$125.00
Audio Production .....	\$100.00
Baking & Pastry .....	\$ 50.00

# ADDITIONAL INFORMATION (CONT.)

First quarter tuition and fees for new students become due sixty (60) days prior to entry. Thereafter, quarterly tuition for each succeeding quarter is due upon registration, approximately three (3) weeks prior to the end of each academic quarter. A student may not register for any academic quarter of study unless all tuition and fees that are due have been paid, or unless the student has made arrangements for an approved alternate payment plan. There is a \$25.00 fee imposed on continuing students for late registration.

Tuition is charged on a quarter-by-quarter basis. Students are not obligated beyond the quarter they are currently attending.

## HOUSING

School-sponsored housing costs are in addition to tuition and a separate agreement is entered into for that purpose. See the Housing Office for details.

## CLASS SIZE

The Art Institute of Philadelphia's average class size is 22 students, with class sizes ranging from fewer than 10 students for project or portfolio classes to a maximum of 25 for lab-type classes and a maximum of 45 for lecture-type classes.
