State University; B.S., Education - Slip-
pery Rock University; A.A. Butler County
Community College.

PROGRAM ADVISORY COMMITTEE MEMBERS

An external panel of industry experts and professionals who are not affiliated with The Art Institute of Pittsburgh review each degree program. These Program Advisory Committee (PAC) members convene bi-annually at The Art Institute of Pittsburgh to evaluate curriculum, technology, and expected program competencies. This formal review helps The Art Institute of Pittsburgh to ensure that graduates are well-prepared to begin their professions with industry-relevant skills.

Possible PAC members are submitted by Department Chairs, faculty, Career Services, and current PAC members to the college. The Department Chair for the program invites those individuals that have the appropriate experience, availability and interest in The Art Institute of Pittsburgh to join the committee.
