1. A separate financial plan exists, which complies with the Truth in Lending Regulation Z, and is part of this agreement.
2. Application and Enrollment Fees are paid by new and transfer students only. The \$50 application fee is non-refundable.
3. All Baking & Pastry and Culinary Programs; Monthly consumable supplies are included with the \$395 per quarter lab fee. The Baking or Culinary lab fee will be treated as part of the tuition for refund purposes. (Lab fee for Culinary Management Program applies only to the first seven quarters of the program.) The Digital Film Making & Video Production program has a onetime lab fee of \$300 that is applied to the total tuition cost.
4. NOT including Starting Kit or Transitional Studies charges. The tuition cost is based on 90 quarter credits for Associate's degree program and 180 quarter credits for Bachelor's degree program. The total cost will increase with each per credit hour tuition increase.
5. The Kit is optional and the cost shown in the table is estimated.
6. Students taking online courses will be charged at the same tuition rate they are currently paying for ground courses plus an additional Online Lab Fee of \$100 per course.
7. The Digital Resource Fee includes the cost of the digital textbook as well as other digital resources which are integrated into the course and vary by program. The fee includes all applicable taxes. This estimated fee assumes all courses require a digital resource; however currently not all courses use digital resources. Courses that include a digital resource will be noted in the registration material and the fee will be charged automatically in addition to tuition. If a course does not use digital resources, the student remains responsible for purchasing the required text and materials. The digital resource fee is \$50 per course.
