Reputable and Reliable ... Our Campus Sponsored Housing Program

Providing convenient and safe student housing!

College sponsored housing provides a residential community where academic success and personal growth are encouraged and supported. Professional and student staff promotes individual growth and development through a wide variety of services including community service, and educational and social programs. College sponsored housing is also a great way to build friendships that will last a lifetime.

Furniture and utilities are included in the price of the rental! Each apartment is furnished with a standard furniture package that includes: couch, sofa chair or love seat, end tables, lamps, a dinette set, twin beds (one per student), dressers, and night stands.

Each student is assured that quality housing is available upon his/her arrival.

How Do I Reserve My Housing? An application and deposit are required and must be forwarded to The Art Institute at least four weeks prior to class start. Rent is \$579.00 for Shared Room and \$1158.00 for Private Room per month.

Subject to change

***Those who do not meet the reservation deadline will be housed on an as-available basis.*

Benefits

There are many benefits to living in college sponsored housing. With other students near by, greater opportunities exist for collaborative learning. There is a strong sense of community, and you will avoid the hassles involved in searching for an apartment.

Student living provides an affordable and convenient apartment within close proximity to the school. College sponsored housing provides two bedroom and two bath apartments. Students can either share a bedroom or for an additional amount have a private bedroom. ***An important advantage to college sponsored housing is that the cost can be included in the student financial plan.***

Staff

Our housing community is staffed with professional residence life staff and resident assistants. Our professional staff serves as the first point of contact for student living in college sponsored housing.

Their goal is to assist students with questions or challenges, and them to transition into college life and their new living environment. In addition, our staff plans a variety of activities and events throughout each quarter.

Roommate Assignments

Every effort is made to assign roommates according to the information provided by students on the roommate questionnaire. However, on occasion, room assignments must be made based on available space. Students may request to live with a specific person. All efforts will be made to accommodate roommate requests. Students will be notified of their room assignments approximately three weeks before the start of class.
