

# Transportation and Parking at the Renfrew Campus

## Transit:

We are in an excellent location for using public transit, being directly next to the Renfrew Sky Train station. You can check out transit rates and how to get to the new campus by visiting BC Transit Website at: <http://www.translink.ca/>

## Cycling:

Vancouver has designated cycling routes throughout the city, and you can often take your bike with you on transit as well. The Translink website contains advice about travelling by bike throughout the city: <http://www.translink.ca/en/Cycling.aspx>. Renfrew campus has bicycle racks for student use.

## **Please Note:**

*It is recommended that personal locking devices are used to secure bikes. Neither The Art Institute of Vancouver nor any of its authorized persons are liable for any loss or damage to individual bicycles or belongings on campus.*
